Report Period: Aug 17-30

Summary of Progress in this Period

We introduced ourselves to the other members of our team. We have had two team meetings so far. We established how we are going to communicate with each other by creating a Discord Server and a group chat. We also met with our client to get a better understanding of our project. He told us the functionalities of the project that he is expecting as well as what different pieces of the project he would like us to get.
