

Team Name: sdmay21-11

Team Members: Matthew Brandt, Cody Juracek, Curt Kissel, Wolfgang Morton, Grace Wilkins, Jihun Yoon

Report Period: Oct 25-Nov 8

Summary of Progress in this Period

In this period we continued to improve the GUI for the application, and also experimented a bit with the hardware. We are beginning to wrap up the design document as well as the panel presentation powerpoint.

Pending Issues

None at this moment

Plans for Upcoming Reporting Period

In the upcoming reporting period, we hope to finalize everything for the designing phase of our project. We will have given our panel presentation and turned in the final version of the design document. From there, we will focus more on programming and piecing together the hardware.
